SECTION 3 DIVERSION AND RECONSIGNMENT	SECTION 3 DIVERSION AND RECONSIGNMENT										
<p>ITEM 205</p> <p style="text-align: center;">DIVERSION AND RECONSIGNMENT</p> <p style="text-align: center;">APPLICATION</p> <p>a. This section applies to carload traffic moving on revenue billing, subject to rules, regulations, conditions and charges named in this section.</p> <p>b. A request for diversion or reconsignment must be made or confirmed in writing.</p> <p>c. When an order is received under these rules, ARR will make every effort to locate the car and effect the change desired. ARR will not be responsible for failure to effect the change ordered unless the failure is due to error or negligence of its employees.</p> <p>d. No diversion or reconsignment order shall designate any specific time of execution.</p> <p>e. No diversion or reconsignment order will be accepted on any car after placement if any portion of the load or its tie-down equipment has been removed.</p> <p>f. This section is applicable while freight is in the possession of ARR. When diversion or reconsignment is requested after shipment has passed out of possession of ARR, or if request is received too late to effect the change desired, request will be transmitted direct to connecting carrier to which shipment was delivered. Responsibility of ARR will then end.</p>	<p>ITEM 235</p> <p style="text-align: center;">APPLICATION OF FREIGHT RATES</p> <p>a. Authorized through rates, (including local, joint, combination, or intermediate rates) in effect on date of shipment are the applicable rates from origin to final destination via the diversion or reconsignment point.</p> <p>b. Where diversion or reconsignment entails switching services from the original destination, switching charges will accrue in addition to all other charges (see Section 1).</p>										
<p>ITEM 210</p> <p style="text-align: center;">DEFINITIONS</p> <p>The Term "DIVERSION" or "RECONSIGNMENT" means:</p> <p>a. A change in the name of the consignor, consignee, destination or routing;</p> <p>b. Any other instructions given by consignor, consignee or owner necessary to effect delivery and requiring an addition to or change in billing, or an additional movement of the car, or both.</p> <p>NOTE: A billing change from collect to prepay or vice versa will not be considered a Diversion or Reconsignment.</p> <p>All charges accruing under these rules must be paid or guaranteed to the satisfaction of the carrier to which they accrue.</p>	<p>ITEM 280</p> <p style="text-align: center;">DIVERSION CHARGES</p> <p>a. When the applicable diversion provisions have been met, the following diversion charges will apply:</p> <table border="1" data-bbox="896 802 1409 1066"> <thead> <tr> <th>ON CHANGES IN THE FOLLOWING</th> <th>DIVERSION CHARGE (\$)</th> </tr> </thead> <tbody> <tr> <td>Consignee after arrival of car at destination</td> <td>239.62</td> </tr> <tr> <td>Destination</td> <td>239.62</td> </tr> <tr> <td>Route</td> <td>239.62</td> </tr> <tr> <td>All Other Diversions</td> <td>95.98</td> </tr> </tbody> </table> <p>b. If more than one diversion charge is applicable to a given diversion order, only one charge will be assessed, which will be the highest charge.</p> <p>c. Exceptions:</p> <ol style="list-style-type: none"> A diversion charge will not be assessed when a combination of rates is charged as if the shipment terminated and originated at the same diversion station. A diversion charge will not be assessed when the only change in the billing/shipping documents is the name of the consignor or consignee, and the order is received prior to arrival of the car at destination. <p>SECTION 4 RULES AND CHARGES GOVERNING WEIGHING AND REWEIGHING OF CARLOAD FREIGHT</p>	<p>SECTION 4 RULES AND CHARGES GOVERNING WEIGHING AND REWEIGHING OF CARLOAD FREIGHT</p>
<p>ITEM 300</p> <p style="text-align: center;">APPLICATION</p> <p>a. Rates and Provisions of this section are applicable only to the extent that weighing is practicable, and scales are available.</p> <p>b. When scale weights are used for the assessment of freight charges, weighing will be performed by ARR, or under railroad weight agreements.</p> <p>c. When actual tare weight of a car has been determined, it shall be used to determine the net weight in lieu of the marked tare.</p> <p>d. Allowable tolerance on loaded cars will be two percent (2%) subject to 1,000 pounds maximum. On empty cars the allowable tolerance will be 1000 pounds.</p> <p>e. Tolerance will NOT apply on empty tank cars or loaded cars moving under weight agreement.</p>	<p>ITEM 330</p> <p style="text-align: center;">WEIGHT AGREEMENTS</p> <p>a. Consignor's or Consignee's weights will be accepted when authorized in writing by ARR or other railroads participating in the line haul movement.</p> <p>b. Agreed weights must be designated in the prescribed manner on the shipping document or weight certificate.</p> <p>c. Carrier may adjust freight charges in the event actual weight discloses an error in the billed weight on cars moving under weight agreements.</p>
<p>ITEM 310</p> <p style="text-align: center;">WEIGHING AT NO CHARGE</p> <p>Assessment of charges for weighing will not be made under the following conditions:</p> <p>a. When weights are used for the assessment of freight charges.</p> <p>b. When a consignor or consignee requests the weighing of an empty car and such weighing discloses an error in the marked tare weight in excess of the allowable tolerance.</p> <p>c. When a consignor or consignee requests the reweighing of car containing a commodity which is not subject to shrinkage from its inherent nature and such reweighing discloses an error in the billed weight of more than the allowable tolerance.</p> <p>d. When a consignor or consignee requests the weighing at destination of both the loaded and empty car and the net weight thus obtained exceeds the previous net weight by an amount in excess of the allowable tolerance.</p>	<p>ITEM 350</p> <p style="text-align: center;">CARLOADS THAT CANNOT BE WEIGHED</p> <p>Carloads originating and terminating at non-scale stations, and which do not pass a track scale, will be way billed as follows:</p> <p>a. On receipt of invoice or other evidence satisfactory to determine actual weight, at the greater of:</p> <ol style="list-style-type: none"> 1. Actual weight thus determined, or; 2. Actual or authorized minimum weight of shipment. <p>b. In the absence of satisfactory evidence, at the marked capacity of the car.</p>
	<p>ITEM 380</p> <p>[I]</p> <p style="text-align: center;">CHARGES FOR WEIGHING</p> <p>When a car is weighed and subject to assessment under this section, the following charges will apply:</p> <p style="text-align: center;">Charge for weighing each loaded or empty car : \$ 81.11</p> <p>Note: Charges do not include switching to and/or from scale track.</p>

[] SPECIAL TRAIN OR ENGINE SERVICE		
Special freight train or engine service is the service of furnishing locomotives with or without freight cars for special work and includes train and engine crew, subject to availability of men and equipment. Charges for furnishing this service are in addition to all other charges associated with the freight movement.		
Request for special freight train service must be made in writing (or by telephone and confirmed in writing) giving all necessary information to facilitate the movement of the train. ARR may restrict or modify any request for service.		
ARR reserves the right to determine the necessity for special train or engine service.		
CHARGES:		
a. Road Service:		
Special freight train service between any two stations will be charged per mile (or fraction thereof) or per hour (or fraction thereof), whichever produces the higher charge. See below for per mile and per hour rates. In any case, there is a minimum charge - also listed below. Mileage will be determined from tariff ARR 9011-F. Time will be computed from time crew is called for duty until equipment is tied up and crew is dismissed from duty for the shift.

SECTION 6 MISCELLANEOUS RULES AND CHARGES	SECTION 6 MISCELLANEOUS RULES AND CHARGES
<p>ITEM 660</p> <p style="text-align: center;">OVERLOADS</p> <p>General Application:</p> <p>a. Carload freight may be loaded to the maximum weight as stenciled on the car, unless otherwise restricted by ARR notice.</p> <p>b. When a car is found to be overloaded, the car will be set out, and shipper notified and given opportunity to take corrective action, subject to the following charges and conditions:</p> <ol style="list-style-type: none"> 1. If no further movement of the car is necessary in order to take corrective action, the ARR charge per car, including weighing and set out, will be: [I]\$243.64 2. If further movement of the car is necessary in order to take corrective action, ARR will, at its own discretion, move the car to the nearest and most convenient location. The charge, including set-out, weighing and additional switching will be: [I]\$625.67 <p>c. Satisfactory corrective action will include instructions by shipper or consignee to ARR, in writing, to provide the required services, at cost and agreed service charges.</p> <p>d. Cars set out or moved and pending corrective action will be subject to all rules and provisions of applicable demurrage tariffs as though they were placed at delivery.</p> <p>e. Following corrective action, cars will be handled as follows:</p> <ol style="list-style-type: none"> 1. The excess lading may be removed and the original lading forwarded to the original billed destination at the applicable tariffs, contracts, agreement rates and provisions. 2. The excess lading may be placed in another car and forwarded to the original billed destination at the lowest prevailing tariff, contract, and agreement rates and provisions applicable from original point of origin. 3. The entire lading may be transferred to another car if a car of sufficient capacity is available. Freight charges will be those applicable to the weight of the reloaded car from the original billed origin to the original billed destination. 4. The excess lading may be removed from shipment and handled by separate disposition. Freight charges will be those applicable from original origin to original destination for the weight remaining on the original car, and from original origin to point of unloading for that portion removed from the original car. 	<p>ITEM 698</p> <p style="text-align: center;">STOP-OFFS</p> <p>Application:</p> <p>a. A stop-off is the stopping of a car en-route to complete loading or to partially unload.</p> <p>b. Stop-offs will not be accepted or permitted on the following:</p> <ol style="list-style-type: none"> 1. "Order Notify" bill of lading shipments 2. Shipments in Tank Cars 3. Shipments in Bulk 4. Shipments having both origin and destination in the same switching limits 5. Shipments governed by tariffs in which stop-offs are not authorized <p>c. The station at which the car is stopped must be intermediate on the route of movement from origin to final destination.</p> <p>d. One stop-off placement for partial loading or unloading only will be allowed per shipment. Stop-off for both unloading and loading will not be permitted.</p> <p>e. Bills of lading and waybills must show the stop point, designated placement, and the name of the party who is to perform the partial loading or unloading.</p> <p>f. Demurrage provisions of tariff ARR 9049 series will apply to shipments at stop-off location.</p> <p>g. Line-haul charges will be calculated as follows:</p> <ol style="list-style-type: none"> 1. On cars stopped for loading - on the weight ascertained after completion of loading. 2. On cars stopped for unloading - on the weight ascertained before stopping for partial unloading. 3. Freight charges will be governed by the applicable line haul tariffs, contracts, and/or agreements in effect on the date of the original shipment. <p>h. Stop-Off Charges:</p> <ol style="list-style-type: none"> 1. Except where more specifically provided in governing line haul tariffs, the stop-off charge will be: [I]\$224.46 2. When a combination of rates is assessed to and from the stop-off station, a stop-off charge will not be assessed.
