The Goods shall be distinctly and permanently marked and manifested on the outside of the package(s), container(s), trailer(s) or railcar(s). Such Goods shall also be accompanied by hazardous waste manifests as required by applicable federal, state and local laws and regulations.

In addition to manifests and other documentation with each request for transportation services, Shipper shall, upon Carrier's request, provide Carrier with accurate and descriptive chemical and physical data on the character of the Goods to be transported, prior to actual shipment.

3. Shipper shall have the sole responsibility, at its sole expense, for properly packaging, labeling, marking, blocking, bracing, placarding, loading and unloading the Goods into and out of container(s) to be transported. Shipper shall comply with all applicable federal, state and local laws and regulations regarding loading, unloading and handling of the Goods. Shipper shall not load or unload Goods on Carrier's property, except when a separate agreement for such activity has been executed by Carrier and Shipper. Carrier shall advise Shipper of any defects in packaging, labeling, marking, blocking, bracing, placarding, loading and unloading the Goods of which it is aware, provided that the Carrier has no obligation to inspect for such defects.

4. Carrier is a transporter only. In no event will Carrier ever take such action as would expose Carrier to liability as a generator or an operator of a storage or disposal facility under applicable federal, state and local laws and regulations. Therefore, Shipper warrants as follows:

- a. That it is authorized to enter into contracts with other companies or governmental agencies to store or dispose of Goods at storage or disposal sites owned and/or operated either by Shipper or by other storage or disposal systems;
- b. That it has arranged for storage or disposal of the Goods in accordance with all applicable federal, state and local laws and regulations, and that Carrier has no obligation or responsibility to arrange for storage or disposal of Goods contained shipment;
- c. That the facilities it has selected, in its sole discretion, for storage or disposal of the Goods (Designated Facilities) are permitted storage or disposal facilities under all applicable federal state or local laws and regulations, and that Carrier has no obligation or responsibility to select or approve the Designated Facilities; and
- d. That is has and will maintain in effect all applicable federal, state and local permits and licenses required to operate Shipper's Designated Facilities, and when delivery is to a Designated Facility not owned or operated by Shipper, that it has selected such Designated Facility based on the fact that such Designated Facility has in effect all applicable federal, state and local permits and licenses required for operation

5. If Carrier is unable to deliver the Goods to the Designated Facility, or to an alternate facility, if one has been designated by Shipper in the manifest and an emergency prevents delivery of the goods to the primary Designated Facility, Shipper must either designate another facility or instruct Carrier to return the Goods. Shipper warrants that any alternate facility it may designate satisfies all the terms of Paragraph 4, above. Shipper shall be liable for all costs incurred by Carrier in delivering the Goods to the alternate facility or in returning the goods to the Shipper. Shipper shall issue a new manifest for the alternate facility as required by applicable laws and regulations.

6. In the event of an incident, release, discharge or spill, Shipper will cooperate fully the Carrier as to all corrective and remedial action necessary to satisfy applicable federal, state and local laws and regulation, including cleanup, recontainment and disposal or retransportation.

**TERMINAL AND OTHER CHARGES, PRIVILEGES AND ALLOWANCES**

Except as otherwise provided herein, shipments transported under this tariff are entitled to such privileges and subject to such charges as are published by individual lines, parties to this tariff providing for allowances, arbitraries, car mileage, crane service, demurrage, diversions, re-consignments, rental of special equipment, storage, switching, transfer and other transit and terminal service.

Rates applicable From, To or Between Seattle, WA, and points in Alaska include all charges incident to placing cars aboard the barge or vessel at point of loading and removal of cars from the barge or vessel at point of discharge.

EXCEPTION 1: Except as otherwise provided in individual rate items, rates named in this tariff will not apply on through shipments of commodities which have been accorded transit (See Note 1) prior to interchange with Alaska Railroad Corporation.

Except as otherwise provided, shipments of commodities which have been accorded transit (See Note 1) prior to interchange with Alaska Railroad Corporation, will be accepted only when original shipment terminates at Seattle, WA, and a new Bill of Lading, constituting a new shipment, is issued, in which event only rates between Seattle, WA, and Alaska will apply. Through rates between Alaska and points beyond Seattle, WA, in the contiguous United States will not apply.

NOTE 1: For the purpose of this ITEM, "transit" will mean transit operations including storage, either in or out of railcars, consolidating, or any process by which the commodity is handled out of and into cars through a transit house.

**COMMODITY RATES APPLICABLE FROM INTERMEDIATE POINTS**

Subject to the provisions of NOTES 1, 2, and 3 below, from any point of origin from which a commodity rate on a given article to a given destination and via a given route is not named in this tariff, which point is intermediate to a point from which a commodity rate on said article is published in this tariff via a route through the intermediate point over which such commodity rate applies to the same destination apply from such intermediate point to such destination and via such route the commodity rate in this tariff on said article from the next point beyond from which a commodity rate is published herein on that article to the same destination via the same route.

NOTE 1: When by reason of branch or diverging lines, there are two or more "next beyond" points, apply the rate from the next point beyond (in this tariff) which on that article to the same destination via the same route results in the lowest charge.

NOTE 2: If the intermediate point is located between two points from which commodity rates on the same route are published in this tariff, apply via that route from the intermediate point the rate from the next point either direction which results in the higher charge. In applying this note, if there are two or more next beyond points except the point from which the lowest charge is applicable.

NOTE 3: If there is in any other tariff a commodity rate on the same article from the intermediate origin point applicable over the same route to the same destination, the provisions of this rule are not applicable from such intermediate origin point.

**DUNNAGE, RETURN OF**  
(Exception to Rule 11 of UFC)

- a. Shipment must be made in one car containing no less than the number of used pallets, rubber inflatable dunnage, baskets and/or racks or amount of dunnage used in the loading of five carloads of commodities billed at rates provided in this tariff. The Bill of Lading covering the return movement must show the number of pallets, rubber inflatable dunnage, baskets and/or racks or amount of dunnage contained in the car.
- b. No less than five (5) inbound freight bills or copies thereof on which freight charges are computed on rates named in this tariff must be surrendered with the Bill of Lading covering the return movement. Each freight bill or copy surrendered must show the number of used pallets, rubber inflatable dunnage, baskets and/or racks or amount of dunnage contained in the inbound car. No more than the total number of used pallets shown on all inbound freight bills surrendered for shipments moving under rates in this tariff will be accepted for the return shipment,
- c. At destinations in Washington, except as provided in EXCEPTIONS 1, 2 and 3 below, the free time allowance and demurrage charges will be shown in Demurrage Tariff \*ASLG 6004 Serie

- EXCEPTIONS:
- 1. One day (24 hours) free time will be allowed for unloading.
  - 2. Average Agreement Plan, Demurrage Tariff \*ASLG 6004 Series.
  - 3. Not applicable on private cars on private tracks when ownership of the car and track is the same.

NOTE 1: Pallets as used in the Item includes pallets, platforms or skids with or without standing sides or end or collapsible wooden sides and top and include plastic or rubber liners used in conjunction with therewith.

NOTE 2: When Shipper, at his expense, provides dunnage as described in Rule 30 of UFC not to exceed 2,000 lbs. per car, the charge on the inbound loaded car will include the return of such dunnage.

**FREIGHT LOADED ON PALLETS, PLATFORMS OR SKIDS**

(Exception to Rule 11 of UFC)

When freight in carload quantities is prepared for shipment in conformity with packaging requirements and, in addition, is loaded on pallets, platforms or skids, with or without standing sides or ends, but without tops; or is loaded on pallets with collapsible wooden standing sides and top with an inner liner, no charge will be made for the transportation of the pallets, platforms or skids, provided shipper specifies the weight of the pallets, platforms or skids on shipping order and Bill of Lading.

Pallets, platforms or skids constituting part of equipment of car as shown in the Official Railwa Equipment Register, \*RER 6413 Series, will be transported without charge while in car on both loaded and empty movement. The consignors and consignees of such equipped cars may remove such pallets, platforms or skids provided they replace in the car a like number of pallets, platforms or skids of identical size and construction

When material, not a part of the pallet, platform or skid, is used to protect top lading or to secure the load to the pallet, platform or skid, if the pallet, platform or skid has collapsible wooden sides an top, no charge will be made for the weight of the protective material or collapsible sides or top.

ITEM NUMBER 360

**FREIGHT RETURNED**

Except as otherwise provided and subject to available equipment, when a shipment originally shipped northbound over the lines of the Alaska Railroad Corporation from Whittier, AK, has reached destination but is not unloaded or partially unloaded (See Exception 2), and is returned southbound to Seattle, WA, or beyond for reasons other than carrier's error, the return movement will be subject to 50 percent of the rate in the reverse direction provided for in this tariff in effect on date shipment is tendered for retur (See Notes 1 and 2 and Exception 1).

In those cases where the car is not completely unloaded and the return movement is less than the carload minimum attached to the inbound movement, the rate to be protected will be 50 percent of the inbound rate on the actual amount shipped in the return movement.

NOTE 1: Return movement rate will apply southbound only from stations on the Alaska Railroad Corporation (not a point served by connecting motor or water carrier) and only to Seattle, WA. Through rates will not apply.

NOTE 2: Returned shipment rate does not apply on empty returned carriers, explosives, household goods, or vehicles.

MARINE INSURANCE AND LIABILITY

- C. Warranty: Shipper warrants that the goods at the time of delivery to water carrier are properly packed and properly stowed within the railcar, trailer or container so as to withstand the usual hazards of an ocean voyage on deck of a barge. In the event shipper breaches the foregoing warranty, this insurance shall not cover loss of or damage to the goods, howsoever caused, even where caused or contributed to by any risks described in Paragraph B above.
- D. Exclusions: Coverage provided by the policy is subject to various exclusions, conditions and warranties, and shipper is urged to review these provisions carefully. For example, the insurance in no event covers loss or damage caused by: (i) delay or loss of market; (ii) inherent vice or nature of the goods, except as specifically provided in B.2 above; (iii) change in temperature or humidity, except as specifically provided in B.2 above; (iv) risks set forth in strikes, riots and civil commotion warranty, and the free of capture and seizure warranty; and (v) risk excluded by the nuclear risks clause.
- E. Valuation: The goods, except for alcoholic beverages and tobacco products, are insured for the invoice value of the goods plus freight payable to destination, subject to the limits set forth below. Alcoholic beverages and tobacco products are insured for the invoice value of goods, plus freight payable to destination, and plus the value of Internal Revenue Tax Stamps attached to the property and/or Excise tax paid on the goods, subject to the limits set forth below.
- F. Limits of Insurance Coverage: Unless higher limits are arranged by water carrier, upon the request of the shipper prior to receipt of the goods by water carrier, insurance shall be subject to the following limits:
1. With respect to southbound shipments:
    - a. \$37,750 for loss or damage to any one trailer or container, including all goods shipped or on any such trailer #or container; or
    - b. \$250,000 for loss or damage to any on railcar including goods shipped in or on any such railcar.
  2. With respect to northbound shipments:
    - a. \$50,000 for loss or damage to any one trailer #or container, including goods shipped in on any such trailer #or container; or
    - b. \$250,000 for loss or damage to any one railcar, including goods shipped in or on any such railcar.

MARINE INSURANCE AND LIABILITY

- II. LIABILITY OF THE CARRIER: In the event the goods suffer loss or damage while in the custody of the Water Carrier which is not covered by the marine insurance, the shipper's only recourse is a claim against the Water Carrier. The liability of the Water Carrier will be determined in accordance with the Carriage of Goods by Sea Act (COGSA) and the terms of the Water Carrier's bill of lading. Under COGSA the water carrier has no liability whatsoever for loss or damage arising of resulting from unseaworthiness of the vessel unless caused by want of due diligence on the part of the Water Carrier, error in the navigation or management of the vessels, fire not caused by the actual fault or privity of the water carrier, perils of sea, Act of God, act of war, act of public enemies, arrest or restraint of princes, seizure under legal process, quarantine restrictions, act or omission of the shipper or owner of the goods, strike or restraint of labor, riots and civil commotion, saving or attempting to save life or property at sea, wastage sufficiency of packing, insufficiency or inadequacy of marks, latent defects not discoverable by due diligence, or any other cause arising without the actual fault and privity of the water carrier and without the fault or neglect of the agents or servants of the water carrier
  
- III. VALUATION CLAUSE: In the event water carrier is liable for loss or damage, the amount of liability shall be the lesser of (1) the fair market value of the goods at the place of discharge, or (2) \$500 per package or, in the case of goods not shipped in packages, per customary freight unit. The shipper may increase the liability of water carrier above \$500 per package or customary freight ur (but in no event more than the fair market value of the goods at the place of discharge) by declaring a value for the goods and having such declared value inserted in the Bill of Lading. In the event of such declaration: (i) the freight rate set forth in this tariff will be charged, plus two percent of declared value inserted in the Bill of Lading, and (ii) the liability of water carrier shall be limited to the declared value of the goods or the fair market value of the goods at the place of discharge, whichever is less.

MARINE INSURANCE AND LIABILITY

V. CONDITIONS OF CLAIM FILING AND SUIT TIME

- A. NOTICE OF LOSS OR DAMAGE. In case of loss or damage to the goods, Shipper warrants that notice of the same shall be reported in writing to Carrier, Attention: Claims Manager, as soon as the goods arrive at the port of destination, or the loss or damage is known or expected but in no event later than three (3) days after delivery of the goods or the date when the goods should have been delivered by Carrier. Failure of shipper to report notice of loss or damage to Carrier as aforesaid shall render the insurance coverage set forth in this item null and void and Shipper shall be barred from recovering any amount under such policy.
  
- B. TIME FOR CLAIM : Neither Water Carrier nor the Insurer shall be liable for any claim in connection with the goods unless presented in writing to the Carrier at "Attention: Claims Manager," with proper proof of loss within nine (9) months after delivery of the goods or the date when the goods should have been delivered by Carrier.
  
- C. TIME FOR SUIT: No suit, action, or proceeding against Carrier or the Insurer for recovery of any claim in connection with the goods shall be sustainable unless commenced within one (1) year after delivery of the goods or the date the goods should have been delivered by Carrier. Suit shall not be deemed commenced against either said defendant unless jurisdiction shall have been obtained over such defendant by service of process.
  
- D. PAYMENT OF CLAIMS: Shipper's claim must be accompanied by paid freight bill for each Bill of Lading for which a claim is submitted, as a condition for payment of any claim. Payment of all claims shall be made by the insurer to the Carrier for forwarding to the Shipper.

ITEM NUMBER 400

MAXIMUM GROSS WEIGHTS ON CARS

Provisions of this ITEM will not apply when car used is subject to provisions of ITEM 180, Paragraph B, "Cars, Size of."

- (a) Gross weight, including weight of lading and empty weight of car, is not to exceed the gross weight of the rail limitation of the Alaska Railroad Corporation nor is the gross weight to exceed the weight carrying capacity of the car.
- (b) Where the required minimum weight would result in exceeding the gross weight rail limitation of the Alaska Railroad Corporation, the minimum weight will be the difference between the gross weight rail limitation of the Alaska Railroad Corporation and the net empty weight stenciled on the car used.

ITEM NUMBER 410

MILEAGE ALLOWANCES

While cars owned or Leased by Shippers/Receivers are in possession of Alaska Railroad Corporation, between Seattle, WA, and Alaska Points, no car hire, mileage or use allowance will be paid while cars are in possession of **ARR**.

(Underscored portion denotes change)

ITEM NUMBER 420

NON-APPLICATION OF RATES ON SHIPMENTS ON ARTICULATED CARS

Except as otherwise provided on NOTE 1, rates in this Tariff will not apply on shipments loaded in or on articulated cars. An articulated car consists of two or more units combined and permanently locked together (articulated) to operate as a single car.

NOTE 1: This rule does not apply when shipment is loaded on a flat car designated "FC", "FM" or "FMS" in the Official Railway Equipment Register, RER 6414 Series.

CORRECTION NO. 1

SECTION 1

Rules and Other Governing Provisions  
General Rules and Regulations

ITEM NUMBER 455

**FUEL SURCHARGE**

The Alaska Railroad will apply a fuel recovery surcharge to intra-state and interline/barge freight movements as shown in Parts A and B below. The fuel surcharge to apply will be that which is in effect at the time railcar movement is initiated.

**PART A**

**Alaska Railroad Percentage-Based Fuel Surcharge**

Shipments on which a percentage-based fuel surcharge will be assessed are: (1) non-public rates/charges in transportation contracts; (2) commodities moving in an exempt car type; and (3) traffic subject to specific exemption pursuant to 49 C.F.R. 1039 and 1090.

The fuel surcharge is based on an OPIS index; the average price for Seattle High Sulfur #2 Diesel. The surcharge will be updated monthly, based on the first (non-holiday) workday of the previous month. For example, the surcharge that is applied to shipments in February is based on the OPIS average from the first workday in January

The fuel surcharge percentage applied will be determined according to Table A.

OPIS Range		Fuel Surcharge Percentage
0.000	0.749	0.00%
0.750	0.799	2.00%
0.800	0.849	2.50%
0.850	0.899	3.00%
0.900	0.949	3.50%
0.950	0.999	4.00%
1.000	1.049	4.50%
1.050	1.099	5.00%
1.100	1.149	5.50%

If the OPIS price goes above 1.150, the surcharge will go up 0.50% for every .050 change in OPIS.

**FUEL SURCHARGE (Cont'd)**

**PART B [A]**

**Alaska Railroad Mileage-Based Fuel Surcharge**

Shipments on which a mileage-based fuel surcharge will be assessed are public, regulated, non-contract shipments.

The mileage-based fuel surcharge will be calculated by multiplying the applicable fuel surcharge per mile times the number of miles per shipment. The applicable fuel surcharge per mile, as shown in Table B - Mileage-Based Fuel Surcharge, will be determined by using the OPIS index average price for Seattle High Sulfur #2 Diesel. The OPIS index is updated monthly, based on the first (non-holiday) workday of the previous month. For example, the surcharge applied to shipments in February is based on the OPIS index average price on the first workday in January. Both the Fuel Surcharge Table and the selection of index will be subject to periodic review.

**SPACE ALLOTMENT REQUEST TO COVER RAILCAR MOVEMENT**

Shippers should obtain space allotment (permit) before making shipment. Requests should be directed to: Alaska Railroad Corporation; 5615 West Marginal Way S.W.: Seattle, WA 98106; Phone (206) 767-1100 or (800) 843-2772; FAX (206) 767-1112. Requests for space should include:

- a. Points of origin and destination
- b. Commodity
- c. Type of railcar
- d. Length of railcar
- e. Proposed shipping date
- f. Dimensions of high or wide load:

As soon as any railcar is shipped, shipper should notify Alaska Railroad Corporation with the railcar's number, date shipped and complete routing (Railcar is subject to demurrage as shown in ITEM 290).

Railcars must be forwarded to arrive Seattle, WA, at least 24 hours prior to sailing date of trip on which space is allotted.

**STOP-IN-TRANSIT FOR PARTIAL LOADING OR UNLOADING**

Except as otherwise provided, shipments subject to carload minimum weights, or actual weight if greater, received from one shipper at one point at one time for one consignee at one destination and covered by one bill of lading, may be stopped for partial loading or unloading subject to the rules, regulations, exceptions and charges provided in this Item:

- (a) Stopping for purpose of partial loading or unloading will not be permitted only provided such stop points are directly intermediate between the points via the regular direct route over which operations are generally conducted.
- (b) Stops for partial loading or unloading will not be allowed at stations designated for less than carload handling only.
- (c) The service of stopping for partial loading or unloading will be limited at each stop, including final delivery, to one placement at one site at one place.
- (d) Note more than three stops, exclusive of the first pick-up or final delivery at destination, will be permitted.
- (e) The per car charge for each stop shall be:

**STOP-IN-TRANSIT FOR PARTIAL LOADING OR UNLOADING (continued)**

- (f) Bills of Lading and waybills must show the stop point, point of placement, and party who is to partially load or unload. No notation is to be made on the Bill of Lading as to the portion of shipment to be loaded or unloaded at stop-off point except when shown for information only and covered by "shipper's load and count" notation.
- (g) When stopped for partial unloading, freight remaining in car a stop-off point must be properly braced and stowed by party doing the unloading to prevent loss and damage. No freight will be added or substituted for the original contents of the car.
- (h) On shipments consigned "to order," "order notify," or otherwise requiring surrender of document in advance of delivery, the necessary document must be surrendered to Freight Agent at destination before any part of shipment may be unloaded.
- (i) Carrier at stopover station shall be governed as follows:
  - a. Will not assist in unloading (See NOTE);
  - b. Will not make any check of property which is unloaded (See NOTE);
  - c. Will not accept or recognize any instruction from consignor requiring, as a condition precedent to delivery at stopover station, surrender or presentation of Bill of Lading, written order or any other document.

ITEM NUMBER 4000 ROUTING INSTRUCTIONS

A. The rates in this Tariff will apply only via the routes and junction points authorized herein except that, unless otherwise directed by the shipper, in the case of traffic congestion (not an embargo), water carrier's sailing schedule, washout, wreck, or similar emergency, or through carrier's error, carriers forward shipments via other junction points of the same carriers or via the lines or other carriers party to the tariff, the rate to apply will be that specified in this Tariff but not higher than the rate applicable via the route of movement.

B. Alaska Railroad Corporation, at its option, may transload shipments at Seattle, WA, and forward on a vessel not equipped to handle railcars, between Seattle, WA, and Anchorage or Seward, for interchange with the Alaska Railroad Corporation. Rates published in this Tariff will apply.

C. In the event water carrier party to this Tariff cannot accomplish delivery over routes provided herein, water carrier reserves the right, in lieu of forwarding shipments via alternate routes, to return shipment to Seattle, WA, or Whittier, AK, or other accessible port to shipper, after wh
