<p>ITEM 112</p> <p style="text-align: center;">MOTOR CARRIER ACCESS</p> <p>A shipper may retain a motor carrier to load or unload commodity at a Progressive Rail Distribution facility. In order to load or unload a commodity at a Progressive Rail Distribution facility, a motor carrier must execute an indemnity agreement (“Right of Entry Agreement”) between the motor carrier and PGR, covering the motor carrier’s activities while at the Progressive Rail Distribution facility. When this agreement is fully executed, a motor carrier is “pre-approved”. Carriers and their employees operating at Progressive Rail Distribution sites are required to conform to all such rules and procedures.</p> <p>All pre-approved motor carriers may deliver to or pull loads from a PGR Progressive Rail Distribution facility. Motor carriers may be required to assist in the connection and loading or unloading of the trailer. The motor carrier will be responsible for its equipment at all times and the driver must remain with the vehicle while loading or unloading. The motor carrier will comply with all required safety procedures, which will include the removal of vehicle keys while loading Hazmat products. Authorized terminal personnel will load or unload all hazardous materials.</p> <p><i>A motor carrier that is not pre-approved will not be allowed to enter a PGR Progressive Rail Distribution facility.</i></p> <p>The motor carrier driver must have a valid CDL (Commercial Driver’s License) in his/her possession while conducting activities at the PGR Progressive Rail Distribution facility.</p> <p>Concerning self-loading, an administration charge of \$75 per trailer will be assessed to the shipper, if the motor carrier is not provided by PGR. This charge applies to the self-loading of dry and non-hazardous liquid products. (See Note 1) The motor carrier should charge the shipper a transfer fee only with no administration charges.</p> <p>NOTE 1: For the purposes stated herein, “self-loading” shall be defined as a motor carrier using equipment affixed to its equipment to perform the physical transfer of the commodity. Self-loaders must also supply all hoses, fittings, etc. in addition to appropriate spill containment for the transfer of commodity.</p>	<p>ITEM 115</p> <p style="text-align: center;">TERMINAL SERVICES; CONDITIONS; UNLOADING OF RAIL CARS; MAXIMUM TRANSFER CHARGES; BILLING</p> <p>A. <p>ITEM 150</p> <p>HOURS OF SERVICE AND OVERTIME CHARGES</p> <p>Normal working hours at Progressive Rail Distribution facilities are from 7:30 A.M. to 4:30 P.M., exclusive of Saturdays, Sundays and Holidays (See Item 185).</p> <p>When service is required prior to 7:30 A.M. or after 4:30 P.M., arrangements must be made with PGR in advance. All loadings, unloadings, and services must be scheduled before 3 p.m. of the day before the day that loading, unloading, and service is needed. Every attempt will be made to accommodate emergencies and requested times, but loading spots and other circumstances may require occasional modifications of requested times. When loading, unloading, and services are to begin after 4 p.m., written authorization for overtime to complete the process (if required) must be submitted before the process begins. The charge for services before or after normal working hours will be at a rate of \$96.00 per person per hour or fraction thereof, in addition to all other applicable charges (See Exception).</p> <p>For safety reasons, PGR Progressive Rail Distribution procedures require that at least two (2) terminal operator people be present during the transfer of any non-self load products. A truck driver on site qualifies as one of these people only if the product is a non-hazardous product. For self-load products only one (1) PGR employee is required or one (1) qualified truck driver will satisfy the safety requirement.</p> <p>When service is requested at a Progressive Rail Distribution facility on Saturdays, Sundays or Holidays (See Item 185), or when terminal personnel are required to make an extra trip to the facility rather than performing continuous service, arrangements must be made in advance with PGR. The charge for this service will be \$120 per hour per person subject to a four (4) hour minimum per person, in addition to all other applicable charges for service provided.</p> <p>Authorization for overtime must be received in writing from the party responsible for paying terminal service charges.</p> <p>EXCEPTION: No additional charges will be assessed if the motor carrier is at the Progressive Rail Distribution facility and ready for loading before 4:30 P.M., and the delay causing the overtime is the fault of PGR.</p>	<p>ITEM 160</p> <p>ORDER PLACING</p> <p>The shipper or beneficial owner will be responsible for providing the Progressive Rail Distribution facility with the name of the motor carrier authorized to transport the product, along with product transfer instructions. Such instructions may be initiated verbally but must be confirmed via facsimile, written communication, or through electronic means. PGR will not be responsible for any problems concerning the shipment and performance of terminal services when PGR has not received facsimile confirmation or electronic communication covering each separate trailer from or to which commodity is transferred.</p>						
	<p>ITEM 165</p> <p>RAIL CAR OR TRUCK ARRIVING AT TERMINAL WITHOUT FULL WRITTEN DESCRIPTION OF LADING</p> <p>Any railcar or truck arriving at a Progressive Rail Distribution facility without full written description of lading will be held at shipper's expense awaiting adequate and proper description or further instructions on disposition of lading. If such written description shows that the commodity is not one approved for transfer, that railcar will be released to shipper for disposition, subject to all applicable terminal charges, along with any other charges to which PGR may be entitled.</p>
